

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

SECTION 1. Be it enacted by the People of the State of Illinois, represented in the General Assembly: That an Act entitled, "An Act to

enable park commissioners having control of a park or parks bordering upon public waters in this State, to enlarge and connect the same from time to time by extensions over lands and the bed of such waters, and defining the use which may be made of such extensions, and granting submerged lands for the purpose of such enlargements," approved May 14, 1903, in force July 1, 1903, be and the same is hereby amended to read as follows:

§ 1. *Be it enacted by the People of the State of Illinois, represented in the General Assembly:* That every board of park commissioners existing under the laws of this State, which has now, or may hereafter have, or acquire, control over any public park, boulevard or driveway, bordering upon any public waters in this State, shall have the power to extend such park, boulevard or driveway over and upon the bed of such public waters, and that every board of park commissioners existing under the laws of this State, which now has, or may hereafter have or acquire, control over two or more separate public parks, whether they constitute a part of one park system or not, bordering upon any public waters in this State, shall have power to connect the same by constructing a park, boulevard, driveway or parkway, extending over and upon the submerged land and bed of such public waters, and over and upon any lands adjacent to or adjoining upon or penetrating into such waters, and may extend any such park by constructing a park, boulevard, driveway or parkway over any private property, and over any navigable river or any part thereof which lies within the territory, the property of which shall be taxable for the maintenance of the park under the control of said board of park commissioners, so as to connect such park, boulevard, driveway or parkway with any park, boulevard, driveway or parkway now or hereafter constructed, and connected with or forming a part of any other park system; and in extending such park or in constructing such park, boulevard, driveway or parkway, the said board of park commissioners may construct such viaducts, bridges or tunnels; or parts of viaducts, bridges or tunnels, within its said territory as to it may seem necessary, and that every such board of park commissioners may acquire the lands, or the riparian or other rights of the owners of lands, or both, whether of individuals or corporations, on the shores adjacent to or adjoining the public waters or rivers in which it is proposed to construct any such park, boulevard, driveway or parkway, or extension or connection, also the title of the private or public owners, if any there be, to lands lying beneath, adjacent to or adjoining such public waters or rivers, also the title of any lands penetrating into such public waters and the title of any lands into, upon or over which it is proposed to construct any such park, boulevard, driveway or parkway or any such extension or connection, or any viaduct, bridge or tunnel forming a part thereof, by contract with or deed from any such owner or owners, whether individuals or corporations, or by condemnation: *Provided, however,* that no extension which shall be made shall interfere with the practical navigation of such public waters or rivers for the purposes of commerce, without

due authority from the proper official of the United States government having control thereof. Said board of park commissioners and said riparian or adjacent owners are hereby authorized to agree upon a boundary line dividing such adjacent, adjoining, submerged and penetrating lands, acquired or to be acquired by said board of park commissioners, and such adjacent, adjoining, submerged and penetrating lands to be taken, owned and used by said riparian or other owners in lieu of and as compensation for the release of said lands and riparian rights to said board of park commissioners. In case said board of park commissioners are unable to agree with and [any] such owner or owners or persons interested, either as to such boundary or dividing line and such lands to be taken by such riparian or other owners and persons interested as compensation for the release and granting of said lands and riparian or other rights or in case the compensation to be paid for or in respect of the property, riparian or other rights, the adjacent, adjoining, submerged and penetrating or other lands sought to be appropriated or damaged for the purposes mentioned in this Act, cannot be agreed upon by the parties interested, or in case the owner of the property is incapable of consenting, or his name or residence is unknown, or he is a non-resident of the State, or if, in any event, the said board of park commissioners shall elect to acquire the riparian or other rights, or the adjacent, adjoining, submerged and penetrating or other lands, or any such rights or lands, proceedings may be had to condemn the said riparian or other rights and the said adjacent, adjoining, submerged and penetrating or other lands, or any of them, according to the provisions of an Act entitled, "An Act to provide for the exercise of the right of eminent domain," approved April 10, 1872, in force July 1, 1872, and amendments thereto.

§ 1-a. The fact that any individual, corporation, or other person shall be made a party defendant to any such condemnation proceedings hereby authorized, shall not establish any presumption as to the validity or the extent of the title of such defendant, but before damages shall be assessed to any such defendant, the court shall first find and adjudge the right, title, and interest of such defendant in the property sought to be taken or damaged, and through such condemnation proceeding the said board of park commissioners shall acquire whatever right, title, interest or claim such defendant may have.

§ 2. In all cases in which said board of park commissioners shall have acquired, or contracted to acquire the riparian rights of the owners of any lands along the shore adjoining such public waters or rivers, or shall have acquired or contracted to acquire lands owned or claimed by such owners, and shall have agreed upon the dividing line aforesaid, said board of park commissioners shall file petitions or bills in chancery on the chancery side of the circuit court of the county in which said lands are situated, praying that the boundary line between the lands acquired or to be acquired by the defendants in said suit and the lands acquired or to be acquired by the said board of park commissioners, under this Act and under such contract or contracts, may be established and con-

firmed by the decree of said court, as agreed upon by said parties, to which bills or petitions all persons interested in said riparian rights and lands as owners or otherwise as appearing of record, if known, or if not known, stating that fact, shall be made defendants. Persons interested, whose names are unknown, may be made parties defendant by the description of the unknown owners; but in all such cases, an affidavit shall be filed by or on behalf of the petitioner or complainant, setting forth that the names of such persons are unknown; said board of park commissioners shall also give public notice of the filing of each such bill or petition by publication thereof once a week for four consecutive weeks in a newspaper of general circulation regularly published in the city in which, or nearest to which, said riparian rights or lands are situated, which notice shall contain the title of the suit and the term of court at which it is made returnable, the last of which notices shall be published not less than ten (10) days or more than twenty (20) days before the first day of the term of court in which said suit is returnable. The defendants who do not enter their appearance shall be served with process in the suits so instituted in the same manner as in suits in chancery, and the proceedings in said cause shall be conducted in the same manner as in other suits in chancery. Any legal voter or taxpayer within the district or territory in which the property shall be taxable for the maintenance of the park system under the control of such board of park commissioners, shall be permitted to enter his appearance and become a party defendant in said proceedings and demur, plead or answer to said bill or petition. If, upon a hearing, the court shall find that the rights and interests of the public have been duly conserved in and by such agreement, then the court shall confirm said agreement and establish such boundary line; otherwise, the court shall, in its discretion, dismiss such bill or petition. If the dividing line agreed upon shall be so established and confirmed by the decree or judgment of the said court, it shall thereafter be the permanent dividing and boundary line of said lands, and shall not be affected or changed thereafter, either by accretions or erosions; and the owners of said shore lands are hereby granted by the State of Illinois the title to the adjacent, adjoining, submerged, penetrating and other lands, whether of natural or artificial formation, lying upon the inner or land side of said boundary line when so established, and they shall have the right to fill in, improve, protect, use for all lawful purposes, sell and convey said submerged or other lands up to the line so established, free from any adverse claim in any way arising out of any question as to where the shore line was at any time in the past, or as to the title to any existing accretions, and said board of park commissioners is hereby granted by the State of Illinois the title for park purposes to the adjacent, adjoining, submerged, penetrating, artificially made and other lands lying upon the outer or water side of the said boundary line and opposite and adjoining to the lands granted and confirmed by said decree to said riparian, shore or other owners. It shall be the duty of the Attorney General to appear in such proceeding and assert the claim of the State of Illinois, if any, as to any lands

involved in such proceeding, which have been improperly taken, made or occupied, and the court shall proceed to hear and determine such claim in said proceeding. If it shall be found that any land has been wrongfully taken, made or occupied to which the State of Illinois can assert title it shall be the duty of the court to enter a judgment requiring proper compensation to be made by the person or persons or corporation taking, making or occupying such lands or in lieu thereof to vacate the same and such compensation and the claim of the Attorney General shall be determined before any such agreement between any park board and the said alleged owners of such lands shall in any way become effective. The Attorney General shall have the right, upon behalf of the State with the approval of the court, to compromise any claim which the State of Illinois may assert upon such terms as shall be just and equitable to the State of Illinois. The court shall require notice of the pendency of such proceeding to be given to the Attorney General and before any decree shall be entered in such proceeding proof shall be made that such notice has been given.

§ 3. Such board of park commissioners shall have the power to pay for any such rights, lands or territory, thus acquired, and for the construction and protection of such park, boulevard, driveway or parkway or such extension or connection either out of its general revenues or by the issue and sale, from time to time, of interest bearing bonds, in addition to the bonds now authorized by law to be issued and sold by such board of park commissioners: *Provided*, no bonds shall be issued under this Act contrary to the provisions of section 12, Article IX, of the Constitution of this State: *And, provided, further*, that the proposition to issue such bonds shall first be submitted to a vote of the legal voters of such park district and shall receive a majority of the votes cast upon such proposition. And authority is hereby expressly granted to the board of park commissioners issuing such bonds to levy and collect a direct annual tax upon the property within their jurisdiction, in addition to the amount of any tax now authorized by law to be levied and collected by them, sufficient to pay the interest on said bonds as it falls due and also to pay and discharge the principal thereof within twenty (20) years from the date of issuing said bonds; and the county clerk of the county in which such park district is located or such other officer or officers as are by law authorized to spread or assess taxes for park purposes shall, on receiving a certificate from such board of park commissioners that the amount mentioned in such certificate is necessary to pay the interest on said bonds and also to pay and discharge the principal thereof within twenty (20) years from the date of issuing said bonds, spread and assess such amount upon the taxable property embraced in said park district the same as other park taxes are by law spread and assessed, and the same shall be collected and paid over the same as other park taxes are required by law to be collected and paid.

§ 4. The title to any such extension or connection of such park or parks, boulevards, driveways and parkways, and to the bed thereof shall be, and thereby becomes vested in such board of park commissioners for

public purposes, and the same shall thereby become a part of the public park or parks under the control of such board, and shall thenceforth be maintained and controlled by such board in the manner provided by law, for the government and maintenance of other parks, boulevards and driveways under its control, and in all cases where any boulevard, driveway or parkway is extended, or constructed, under the provisions of this Act, the title to the submerged lands lying between the shore of such public waters and the inner line of the extension of such boulevard, driveway or parkway, shall be, and thereby becomes vested in such board of park commissioners for public purposes; and in case any such park, boulevard, driveway or parkway, extension or connection as provided in this Act, shall be made into, over or upon the bed of Lake Michigan by any such board of park commissioners, then the right, title and interest of the State of Illinois in and to the bed of so much of said Lake Michigan shall be vested in such board of park commissioners as in other cases provided in this Act, and for the same purposes and with the same rights and power.

§ 5. No such board of park commissioners shall be hereby authorized to extend any of its park or boulevard system outside of or beyond the limits of the district or territory, the property of which shall be taxable for the maintenance of the parks under the control of such board of park commissioners, except into, over and upon public waters or rivers adjoining or being a part of such district.

§ 6. The powers granted by this Act to any board of park commissioners shall not be construed to have been exhausted by any one use of the same, but said commissioners may, from time to time, proceed with further enlargements or extensions: *Provided, however,* that all such enlargements or extensions lie within the district or territory, the property in which shall be taxable for the maintenance of the park systems under the control of such board of park commissioners, or within public waters or rivers adjoining or being a part of such district or territory.

§ 7. That the title of said Act be and the same is hereby amended to read as follows: "An Act to enable park commissioners having control of a park or parks bordering upon public waters in this State, to enlarge and connect the same from time to time by extensions over lands and the bed of such waters, and defining the use which may be made of such extensions, and granting lands for the purpose of such enlargements."

§ 8. The following Act is hereby repealed: An Act entitled, "An Act authorizing park commissioners to acquire and improve submerged and shore lands for park purposes, providing for the payment therefor, and granting unto such commissioners certain rights and powers and to riparian owners certain rights and titles," approved May 2, 1907, in force July 1, 1907, and all Acts and parts of Acts in conflict herewith, except as to all petitions and bills in chancery begun before and pending on May 1st, 1912, under the said Act approved May 2, 1907, to establish and confirm agreements theretofore entered into under and in accordance with the provisions of the said Act of May 2, 1907, and except as

to said agreements if established and confirmed in said proceedings and all lands, rights, titles and interests affected by such agreements if so established and confirmed in said proceedings under said Act and as to said proceedings, agreements established and confirmed thereby and lands, rights, titles and interests affected by said agreements if so established and confirmed said Act of May 2, 1907, shall not be repealed hereby.

TITANIC DISASTER.

(SENATE JOINT RESOLUTION No. 3.)

WHEREAS, On Sunday evening, April 14, A. D. 1912, the great liner "Titanic," on her maiden voyage to our shores, struck an ice floe in the Atlantic ocean, and went to an untimely doom, carrying with her upwards of sixteen hundred souls, who in the darkness of the night, perished in the icy waters of the shoreless deep; and

WHEREAS, In this most terrible of all marine disasters, men of world-wide fame, and learning, rather than assert an assumed right to live,—men with a courage that never faltered, and a splendid gallantry that has enhaled their lives with a glory that shall never die,—gave place to those less fortunate in life's great struggle, and while the women and children and a handful of other men, made a hazardous escape stood and gazed upon "the sad and solemn sea," and then passed from sight, as the ship's musicians played a hymn to their Maker, "Nearer My God to Thee;" and

WHEREAS, Such deeds as these, while in themselves sad and terrible, yet, furnish an endless cause to rejoice in a glorious heritage that makes the Anglo-Saxon race supreme; and

WHEREAS, Many hearts are sad and many lives are lonely, because the handiwork of man fell a prey to Nature's hidden perils; therefore, be it

Resolved, by the Senate of the State of Illinois, the House of Representatives concurring therein, That we, deeply deploring this terrible catastrophe that has caused untimely deaths to so many brave people, unite with their loved ones and their friends, wherever they may be, in the sadness of their bereavement; and, further

Resolved, That while our hearts are sad, and we are called upon, "to mourn with those that mourn," and because of the noble self-sacrifice of those who chose to die,—we still rejoice that the nobility of the race has been evidenced to the world, and a worthy example set for our guidance by those who now slumber in the sea depths, that we who live, may be stronger, cleaner and better men; further

Resolved, That for the alleviation of the suffering, distressed and needy, victims of the catastrophe, the Governor is hereby requested to make a suitable and consistent donation of such sum as may be available from any contingent fund now in existence.

It shall be the duty of the fiscal supervisor to review and, for reasons given in writing, alter, if deemed by him necessary, such estimates: *Provided*, that the managing officer issuing the estimate shall have the right of appeal to the board, should he consider, in his best judgment, such alteration harmful to the best interests of the institution under his charge. Estimates for periods longer than one month may be made in the same manner by managing officers for staples designated by the Board of Joint Estimates or for other supplies. Each estimate may include a contingent fund of not to exceed 2 per cent of the total amount of the estimates for maintenance for the period of the estimate, for which contingent fund no detailed account need be given in the estimate, but which can not be drawn upon except in due form specified by this Act, and by the rules of the board.

The fiscal supervisor shall return to the managing officer one copy of the monthly and other estimates with his approval or alteration in writing, one copy so approved or altered he shall present to the State Auditor, and one copy so approved or altered he shall file in his own office. It shall be the duty of the State Auditor to ascertain that the estimates so received do not exceed the respective appropriations. The State Auditor shall draw warrants on the State Treasurer monthly for the salary fund and contingent funds for each institution, and such funds shall be placed in the hands of the managing officer of each institution. Itemized vouchers for all funds, including pay rolls, shall be drawn in triplicate, one copy being held by the managing officer issuing such voucher, one copy presented to the fiscal supervisor and one copy to the State Auditor, who shall issue a warrant on the State Treasurer for each voucher. Each voucher shall contain a sworn affidavit of the managing officer, or some other bonded officer designated by the managing officer, certifying that the supplies and materials purchased or improvements or repairs made or special services rendered were fully satisfactory, or conforming to sample, as the case may be; that the approving officer was in no way financially interested in the purchase or work performed, and that he has full knowledge of the value of the purchase or work, such affidavit being made according to forms provided by the board: *Pro-*

All such pay rolls shall be sworn to by the managing officer the same as in cases of other vouchers, and the affidavit shall show that each and every person named in the pay roll actually rendered the services for the time and at the rate charged in the pay rolls.

§ 17. STATE TREASURER TO BE TREASURER—EXCEPTION.] It is the intent of this Act that the State Treasurer shall act as treasurer for all funds in the jurisdiction of the Board of Administration, and shall pay no moneys except in accordance with the provisions of this Act: *Provided*, that the moneys designated and approved of by the fiscal supervisor and the State Auditor as salary fund and contingent fund in the monthly estimate shall be placed, not later than on the first day of the month so provided for, in the hands of the managing officer of each institution, who shall act as treasurer for such funds. Moneys collected from various sources by superintendents and in the hands of the superintendents when this Act goes into effect shall be transmitted forthwith by such superintendents to the State Treasurer. Moneys collected from various sources such as the sale of manufactured articles, of farm products and of all miscellaneous articles, shall be transmitted monthly to the State Treasurer and a detailed statement of such collections shall be made monthly to the fiscal supervisor by the managing officer of the institution.

§ 18. BONDED EMPLOYES.] The Board of Administration shall prescribe and require surety bonds from the fiscal supervisor, and from each managing officer, steward, storekeeper or any other State officer or employe under the jurisdiction of the Board of Administration, where deemed advisable, in such penal sums to be determined by the board. The cost of such bonds shall be paid by the State out of funds appropriated to the board. The board is authorized to divide the State into districts, for the purpose of regulating the admission of patients to hospitals for the insane. The said board shall have power to change the boundaries of said districts, from time to time, as may be necessary or expedient. Whenever such division or regulation shall have been made, as aforesaid, the said board shall forthwith make and sign a report to that effect, designating the boundaries of and the counties included within each district and the number of patients apportioned to each hospital, and file the same with the Secretary of State, and send a copy thereof to the superintendent of each hospital, and to each county judge, and to the clerk of each county in the State, to be filed in his office, and thereafter the State shall be divided into such districts. Whenever any

change in such classification or regulation shall be made thereafter, a like report shall be made and filed, and a copy thereof send to the county judges and to the clerks of all counties affected by such change, as well as to the superintendents of the respective State hospitals. Each State hospital for the insane shall receive patients, whether in an acute or chronic condition of insanity, from the district in which the hospital is situated.

§ 20. REMOVAL OF INSANE AND FEEBLE MINDED FROM COUNTY ALMSHOUSES TO STATE INSTITUTIONS.] The Board of Administration is hereby required and empowered to cause the removal of insane persons from county almshouses to State hospitals for the insane and of feeble minded women and children from county almshouses to the Lincoln State School and Colony as rapidly as room is provided for such patients and inmates in such State institutions. As such room is provided from time to time, the board shall forthwith direct the superintendents of county asylums, or almshouses, to send such number of insane patients to State hospitals and such number of feeble minded women and children to the Lincoln State School and Colony as can be accommodated therein. All county authorities sending patients or inmates to any State hospital or the Lincoln State School and Colony shall comply with all directions prescribed by the Board of Administration.

After sufficient accommodations shall have been provided in State institutions for all the pauper and indigent insane of all the counties of the State, the cost of clothing and other incidental expenses of county insane patients in State hospitals shall not be a charge upon any county after the first of January next ensuing, but the cost of the same shall be paid out of the funds provided by the State for the support of the insane. It shall be the duty of the Board of Administration to determine whether the accommodations are sufficient within the purview of this section, and to hold a meeting for that purpose, and, if satisfied of the sufficiency of such accommodations, to make a certificate to that effect and file the same with the Secretary of State and send a copy thereof to the superintendent of each State hospital and county asylum, and to each county almshouse and to each county judge, and to the clerk of each county in the State, to be filed in his office. Until such certificate is made and filed, the said cost of clothing and other incidental expenses of county insane patients shall continue to be a charge upon the county as under existing laws.

The foregoing provisions of this section relating to the insane shall not apply to or include counties of more than one hundred and fifty thousand inhabitants, until all the counties of this State having a population of less than 150,000 inhabitants (as determined by the then last preceding federal census) shall have been provided for. Whenever the counties of over one hundred and fifty thousand inhabitants, or any one of them, desire to be included in the provisions of this section relating to the insane, such counties, or any one of them, may be included therein in the following manner. The county board of such county so desiring to be included therein shall pass a resolution and spread such resolution

upon the records of such county board, making application to the Governor to transfer any or all of such buildings, lands, appurtenances and equipments as are used by it as a county insane asylum to the State to be used for the same purpose. A certified copy of such resolution shall be sent to the Governor and the said resolution shall be considered the required application. The Governor shall thereupon transmit said application to the Board of Administration, whereupon said board shall examine into the condition of such buildings, land, appurtenances and equipment, with a view to ascertain whether such property is suitable for the purposes of a State hospital for the insane; and shall report its findings and conclusions to the Governor. Whereupon, if the board approves the transfer to the State, and if the Governor shall approve the same, said county insane asylum shall be converted into a State hospital for the insane, and its inmates shall become wards of the State.

§ 21. RETURN OR COMMITMENT TO COUNTY INSTITUTIONS FORBIDDEN—COUNTY CARE OF INSANE FORBIDDEN.] No insane person now, or hereafter, under the care of any State hospital in this State, shall be returned or committed to the care of any county insane asylum or almshouse, or to any county, town or city authorities; and the said county, town or city authorities are hereby forbidden to receive any such patient who may be returned or committed to them in violation of this section. After the State has assumed complete care of the public insane, no insane person shall be permitted to remain under county care, but all public insane shall be committed to the State hospital for the insane, or to private hospitals for the insane, as provided herein.

§ 22. TRANSFER OF INSANE PATIENTS.] The Board of Administration shall have power to transfer, by its order, patients from one State hospital for the insane to another, when in its judgment such transfers are advisable.

§ 23. SUPPORT OF INMATES—REIMBURSEMENT.] The total cost of the support of inmates of State hospitals for the insane shall be a charge against the estates of patients or their conservators or against the relatives of such patients who would be liable for the support of the persons of such inmates under an Act entitled "An Act to revise the law in relation to paupers," approved March 23, 1874, if they were not inmates of such hospitals, or against the friends of such inmates who may be willing to assume such support. Such support shall include the cost of clothing, transportation and other incidental expenses and the proper proportion of the cost of maintenance, treatment and necessary repairs and improvements: *Provided*, the amount required to be paid out of the estate of any such patient or the conservator thereof shall not exceed the reasonable annual income from the estate of the patient aforesaid during the lifetime of any such patient and the compensation of the conservator, of any such patient shall not exceed six per cent per annum of said income: *And, provided, further*, the Board of Administration may, in its discretion, release or modify the payment of all or any part of such income for said support in any case where the circumstances may justify it, and upon the death of any such patient while an inmate of a

State hospital for the insane it shall be the duty of said board to file a claim against the estate of the deceased patient for all the balance of the unpaid support given for the entire term such deceased patient was an inmate of any State hospital for the insane, and it shall be the duty of the court in which such claim is filed to allow the same and direct its payment in due course of administration. In case such patient has no estate from which such support may be collected or annual income used as herein provided, and in case no friend is willing to and does pay such cost of support, the cost of support shall be recovered from the relatives chargeable therewith in the manner provided by an Act entitled, "An Act to revise the law in relation to paupers," approved March 23, 1874. The board may appoint an agent whose duty it shall be to enforce the provisions of this section. The compensation of each agent shall not exceed five dollars per day and the necessary traveling and other incidental expenses actually incurred by him.

§ 24. POSTAL RIGHTS.] Any insane patient in any State hospital shall be allowed to correspond, without restriction, with any member of the Board of Administration, of the Charities Commission and of the Board of Visitors of the State hospital where such insane patient is given treatment and care; and with the county judge and the State's attorney of the county from which such insane patient was committed.

§ 25. SALE OF UNCLAIMED PERSONAL PROPERTY OF DISCHARGED OR DECEASED PATIENTS.] All articles of personal property belonging to a discharged or deceased patient of a State hospital for the insane and in the custody of the superintendent or other proper officer of such hospital, may, if unclaimed by such discharged patient, or the legal representative of such deceased patient, for a period of six months after the discharge or decease of such patient, be sold at public auction in such manner and after such notice, or advertisement, as the Board of Administration shall prescribe, and the proceeds of such sale shall be paid into the amusement fund of such hospital. If any money deposited with a managing officer by relatives, conservators or friends of any inmate for the special comfort or pleasure of any such inmate remains unexpended after the discharge or death of such inmate, the said unexpended balance shall be paid into the amusement fund of the State institution which provided care and treatment for the said inmate: *Provided*, that the money is not claimed by a discharged inmate within six months after discharge, or by the legal representative of such deceased inmates within six months after the death of such inmate.

§ 26. BOARDING OUT INSANE PATIENTS.] Any insane patient in any State hospital for the insane may be placed at board in a suitable family home by the board, if said boarder [board] considers such course expedient. The cost to the State of the maintenance of any such boarded out patient shall not exceed the average per capita cost of maintenance in the institution from which such patient is so boarded out. Bills for the support of a patient so boarded out shall be payable quarterly out of the proper maintenance funds and shall be audited as are other accounts of the board. The board shall cause all persons who are boarded out by it in

family homes at public expense to be visited at least once each three months, and for this purpose the said board is authorized and empowered to appoint, subject to the provisions of the State civil service law, such visitors as are necessary. Upon the complaint of any boarded out patient or of any responsible citizen or member of the household where such patient is boarded out, the board immediately shall send a visitor to investigate, and, if needful, such patient shall be removed at once to a State hospital for the insane or to another boarding place. Where there is no complaint the board shall cause to be removed as above, any patient who, upon visitation, is found to be abused, neglected or improperly cared for when boarded out in a family home. The board may permit any boarder temporarily to leave custody as an insane person in charge of his guardian, relatives, friends or by himself, for a period not exceeding one year, and may receive him again into such custody when returned by any such guardian, relative or friend or upon his own application, within such period, without any further order of commitment and may, during such temporary absence, assist in his maintenance to an amount not exceeding the rate paid for his board when boarded out in a family home by the board.

§ 27. AFTER CARE OF THE INSANE.] To secure for patients in State hospitals for the insane, the earliest possible discharge from such hospitals and a continuance of expert medical service after discharge, free of cost, each such hospital shall institute a plan for the after-care of paroled patients and of discharged convalescent patients as follows:

A staff physician, or some other suitable person, shall when the superintendent deems necessary, visit the home of any paroled patient or any convalescent patient before discharge and advise with the family as to the care and occupation most favorable for the patient's continued improvement and return to health; and such visits shall be made from time to time to the patient after parole or discharge, as are considered advisable by the superintendent.

§ 28. INSTITUTIONS FOR MENTAL AND NERVOUS CASES—BOARD TO LICENSE—COMMITMENTS TO UNLICENSED INSTITUTES FORBIDDEN.] All institutions, other than State institutions, giving treatment and care to persons suffering from mental and nervous diseases, shall provide the Board of Administration with detailed information from time to time, regarding their physical equipment and medical and nursing service, and shall furnish the board a written certified statement every three months, giving the admissions, deaths and discharges during the previous three months. The board shall license such institutions as it deems, after careful inspection, to be suitably equipped and conducted for the treatment and care of persons suffering from mental or nervous diseases, and may in its discretion revoke such license and no person so suffering shall be committed to or received or kept against his or her will, contrary to law, in any such institution not having a valid license from the board. Any superintendent or responsible head of an institution conducting any such institution without a license therefor as hereinafter provided, or receiving or keeping, contrary to his, or her, will, any person

in any such institution, not licensed as aforesaid, shall be punished by a fine of not less than fifty dollars nor more than one thousand dollars, or by imprisonment in the county jail for a term not exceeding six months, or both such fine and imprisonment, in the discretion of the court.

§ 29. OCCUPATION FOR INMATES.] It shall be the duty of each managing officer to develop such occupations as shall serve the mental, moral and physical improvement or the happiness of the inmates, and it shall be the duty of the board so to coördinate these activities as will best serve an educational, economical and efficient administration of all the institutions, but without prejudice to the primary needs of suitable education for the inmates.

§ 30. VISITATION OF CHILDREN—LICENSING OF ASSOCIATIONS.] The Board of Administration shall possess and have all the powers and shall perform all the duties in regard to the visitation of children placed in family homes and the incorporation, supervision and licensing of associations whose objects may embrace the care of dependent, neglected or delinquent children, which were heretofore vested by law in the Board of State Commissioners of Public Charities; and the said Board of State Commissioners of Public Charities is hereby relieved from any duty heretofore imposed upon it by any law of this State in relation thereto, and the said Board of Administration is fully authorized and empowered from and after the date this Act goes into effect to perform the same. The said board may in its discretion revoke any license it has granted. Any superintendent or responsible head of an institution, or any association mentioned in this section or in paragraph 11, subsection F of section 4 of this Act, conducting such association without such license shall be punished by a fine of not less than fifty (50) dollars nor more than one thousand (1,000) dollars.

§ 31. STATE CONFERENCES.] The Charities Commission, at such times and places as it deems advisable, may hold conferences of officers of State, county and municipal charitable institutions, officials responsible for the administration of public funds used for the relief or maintenance of the poor, and boards of institution visitors, and of county visitors, to consider in detail questions of management, the methods to be pursued and adopted to secure the economical and efficient conduct of such institutions, the most effective plans for granting public relief to the poor, and similar subjects. All officials duly invited to such conferences shall be entitled to actual necessary expenses, payable from any funds available for their respective boards and institutions: *Provided*, they procure a certificate from the executive secretary of the said Charities Commission that they were invited to and were in actual attendance at the sessions of the conference.

§ 32. PLANS FOR JAILS AND ALMSHOUSES SUBMITTED TO BOARD.] No county, city or village shall erect, add to or remodel a jail, almshouse, infirmary, house of correction or workhouse without first submitting plans and specifications therefor to the Board of Administration for its criticism and suggestions for the improvement of same.

§ 33. INVESTIGATIONS.] The Board of Administration and the Charities Commission may make such investigations as may be necessary to the performance of their respective duties imposed by law. In the course of any such investigation each member of either board of [or] commission shall have the power to administer oaths, and either board or commission shall have power to secure by its subpoena both the attendance and testimony of witnesses and the production of books and papers relevant to such investigation.

§ 34. COMPELLING TESTIMONY OF WITNESSES—PRODUCTION OF BOOKS AND PAPERS.] Any person who shall be served with a subpoena by the Board of Administration or the Charities Commission to appear and testify, or to produce books and papers, issued by either board or commission in the course of an investigation authorized by law, and who shall refuse or neglect to appear, or to testify, or to produce books and papers relevant to said investigation, as commanded in such subpoena, shall be guilty of a misdemeanor and shall, on conviction, be punished by a fine of not less than fifty dollars nor more than one thousand dollars, or by imprisonment in the county jail for a term not exceeding six months, or both such fines and imprisonment, in the discretion of the court. The fees of witnesses for attendance and travel shall be the same as the fees of witnesses before the circuit courts of this State. Any circuit court of this State, or any judge thereof, either in term time or vacation, upon application of any member of either board or commission may, in his discretion, compel the attendance of witnesses, the production of books and papers, and giving of testimony before either board or commission, or before any member of either board or commission, by an attachment for contempt or otherwise, in the same manner as production of evidence may be compelled before said court. Every person who, having taken an oath or made affirmation before a member of either board or commission, shall wilfully swear or affirm falsely, shall be guilty of perjury and upon conviction shall be punished accordingly.

§ 35. REPEAL.] The following Acts and parts of Acts are hereby repealed:

An Act entitled, "An Act to provide for the appointment of a Board of Commissioners of Public Charities and defining their duties and powers," approved and in force April 9, 1869.

CONTROL OF WATERWAYS OF LOWER MISSISSIPPI VALLEY.

(Senate Joint Resolution No. 5.)

WHEREAS, The people of the lower Mississippi valley have again this year been great sufferers from the overflow of the Mississippi river, entailing immense losses in life and property and, in many instances, the destruction of the crop prospects of the year; and,

WHEREAS, The government of the United States and of the individual states along the lower Mississippi and numerous levee districts contiguous to its banks have, in the aggregate, expended millions upon millions of dollars within the past forty years in the hope of preventing overflows and reclaiming the rich lands of that important region; and,

WHEREAS, This year, and frequently in the past, new high-water marks have been successively made and new areas inundated, thus continuing the losses and disappointing the hopes of the people; and,

WHEREAS, The lower Mississippi is the natural outlet to the sea for the waters of nearly half the area of the entire country, the vast plain lying between the Allegheny mountains on the east and the Rocky mountains on the west, all the northern portion of which, through tile and farm drains and the reclamation of swamps, is steadily pouring an increased volume of water into the great central stream; and,

WHEREAS, Justice requires that the lower Mississippi valley states should not be burdened with the task of providing outlet for all the water of the more northern portion; and,

WHEREAS, The time is at hand when the millions of people in this country will greatly need the vast increase of products of which the overflow and swamp lands of the lower valley is capable, when once reclaimed and made secure against floods; therefore, be it

Resolved, by the Senate, the House of Representatives concurring herein, That it is the sense of the Legislature of the State of Illinois, that the control of the waterways of the lower Mississippi valley is a national problem and should be dealt with by the general government on plans broad and comprehensive enough to prevent overflows, reclaim the waste areas and make them available for the production of food for the millions of people they are capable of supporting;

Resolved, That the Secretary of State is directed to send copies of this resolution to the Senators and Representatives from Illinois in the Congress of the United States, and they are hereby urged to use their best efforts to secure action by Congress in accord with the spirit, intent and purpose herein expressed.

Adopted by the Senate June 4, 1912.

Concurred in by the House June 5, 1912.

SELF GOVERNMENT OF THE IRISH PEOPLE.

(Senate Joint Resolution No. 3.)

WHEREAS, It has come to the knowledge of the people of the State of Illinois, that a bill providing for self-government of the Irish people has been introduced in the Imperial parliament; and

WHEREAS, The welfare of Great Britain and Ireland has ever been a matter of solicitation to the people of the United States of America; and

WHEREAS, The vigor, spirit and intelligence of the immigrants from Ireland and Great Britain have materially aided our progress and greatly advanced our civilization; therefore, be it

Resolved, That we offer to the people of Great Britain and Ireland, through their representatives in Parliament assembled, the felicitations of the people of the State of Illinois on the approach of a lasting union based on friendship and good will between the peoples of Great Britain and Ireland; and, be it further

Resolved, by the Senate, the House of Representatives concurring herein, That an engrossed copy of these resolutions be forwarded to the British government by the Secretary of State.
